

Dear Friends,

## Thank you for your Continued Support.

With your help we were able to “get out of the house” and go on adventures to places like the Bronx Zoo and Lego Land.

We were able to open doors at our new location, the Hudson Library, for our Preschool program, The Starting Place.

Coarc was able to provide art programs that produced award winning artists.

## We cannot do this without your help.

Only 80% of our funding comes from the state and county.

## You can help us bridge that short fall.

You can help us keep the adventures going and the budding artists winning awards.

These are the extra activities that you can help to provide.

Help us by donating on our website, [www.coarc.org](http://www.coarc.org) or mail a check in the enclosed envelope.

**We are grateful for our community, it does take a village. Thank you!**
